MAY NEWSLETTER

Well, Easter vacation is over and everyone who had to recuperate after the vacation is back. Things are popping along at the usual mid-semester pace and we're not having too much trouble keeping the programs that go on the air similar to what the log calls for.

We've added a few new shows to our logs recently. The first, and the easiest to talk about, is a live singing show featuring a student talent, Charlene Becker. The show is called "Love Letter". The format is of the "Lonesome Girl" variety (sound familiar?). Another live music show which is getting quite a lot of attention around campus is a show called "Music for Moderns". It features a five piece instrumental combo. Although we don't publicise the show very much, the boys draw a good sized audience down here to the station every week. These bring our live music show total to six.

Before I go any further I feel an apology is necessary. I said our new tape recorder was a Magnicord or sumptin'. It's actually an "Ampro". It makes a difference?

Plans for the Production we're running here . (the word "Clinic" should come between the "Production" and the "we're") are in full swing. It looks like April 27th and 28th are going to be two interesting and informative days. We sincerely hope you can come.

I'm late for class so I hereby bring this newsletter to a close. Pardon the many errors. I'm trying to learn to touch type. These are the results. Until next month:

Good Luck and Good Broadcasting

Sincerely,

Charlie Shaffran

MAY MEMORIAL

Well, winter vacation is over and everyone who had to recuperate after the vacation is back. Things are popping along at the usual mid-semester pace and we're not having too much trouble keeping the programs that go on the air similar to what the fog calls for.

We've added a few new shows to our logs recently. The first, and the easiest to talk about, is a live singing show featuring a student talent, Charlene Becker. The show is called "Love Letters". The format is of the "Love Letters" variety (sound familiar?). Another live music show which is getting quite a lot of attention around campus is a show called "Music for Moderns". It features a live place instrumental combo. Although we don't initiate the show very much, the boys draw a good sized audience down here to the station every week. These bring our live music show total to six.

Before I go any further I feel an apology is necessary. I said our new tape recorder was a Magnacord or something. It's actually an "Argo". It makes a difference?

Plans for the production we're running here. (The word "Ollie's" should come between the "Production" and the "we're") are in full swing. It looks like April 27th and 28th are going to be two interesting and informative days. We sincerely hope you can come.

I'm late for class so I hereby bring this newsletter to a close. Pardon the many errors. I'm trying to learn to touch type. These are the reasons.

Until next month:
